c. Those nonregular officers who were found "not fully qualified" (passed over) by the 1966 major selection boards and who received a second passover by the boards cited in paragraph a above will be relieved from active duty under the provisions of AR 135-173.

d. Those nonregular officers selected for temporary promotion to major by the boards cited in paragraph a will be promoted; all others will be passed over. Using this same criterion, those receiving a second passover by future boards will normally be separated from the Service within one year after the second passover.
